

MISSION STATEMENT

Kids Wish Network is a nationally recognized charitable organization dedicated to infusing hope, creating happy memories, and improving the quality of life for children. *Kids Wish Network* assists children and their families through several key programs.

PROGRAMS

- *Kids Wish Network* **fulfills the wishes** of children ages 3 to 18 suffering with life-threatening medical conditions or exceptional circumstances as determined by medical professionals. Our dedicated staff and volunteers infuse much-needed joy into sick children's lives by challenging their imaginations and then transforming their wishes from far-fetched fantasy to smile-inducing reality. We create once-in-a-lifetime experiences that turn moments into long-lasting precious memories.
- Through our gift-giving **Holiday of Hope** campaign, *Kids Wish Network* brings toys, entertainment, celebrities, and a much-needed break from medical treatment to children in hospitals across the country.
- *Kids Wish Network's* **Gift Bank program** provides hospital emergency rooms, pediatric wards, and other facilities with age appropriate gifts, and offers a much needed distraction from often traumatic experiences.
- *Kids Wish Network's* **Funeral Assistance Program** helps the families of our wish kids who have passed away by lifting economic burden and ensuring a proper end-of-life ceremony.
- *Kids Wish Network* operates from one central office in Florida and utilizes a **Guardian Angel Fund**, to which donations may be directed. 100% of all donations to this fund go directly to supporting "our kids." No overhead or other operating expenses can be withdrawn from this account at any time.
